

# **PROGRAMMING TECHNIQUE 2 PROJECT**

## **GROUP INVOLVEMENT**

### **First Draft**

**Name : Muhammad Hafizh Herti Arrabbani**

**Metric : A19EC0261**

I'm responsible for the second, third, and fourth part of what need to be submitted in the first draft report. I already done doing the UML class diagram in 7<sup>th</sup> May 2020 and we already discuss this UML class diagram with the lecturer, there's still room for improvement in the UML that I created. I'm also responsible for the flowchart of the system that we're creating since I'm the one making the main code in the C++. I also have done this a couple of weeks ago, but it's still in first development so there's not much thing it can do right now.
